Rumors of Drake moving onto the Three Stripes is starting to become truer by the week, as the Toronto rapper was recently seen in a pair of Reigning Champ Ultra Boosts. Another member of his entourage was also seen wearing a pair of the adidas Yeezy Boost 350 V2 "Cream", which could mean we'll be seeing more of adi x ovo in the future. Let us know your thoughts in the comments section.

It's been awhile since we've seen photos of Kanye West in public but recently, he's been spotted in a handful of upcoming colorways of the adidas Yeezy Boost 700. Seen here is the adidas Yeezy Boost 700 sneaker featuring a white upper with hits of silver. It's the first time since we've seen this colorway, meaning we'll probably be seeing more in the future.

Let us know if you're feeling this colorway in the comments section below.
